

Program Description

Hepatobiliary and pancreatic diseases, benign and malignant, are a complex spectrum of maladies, which require a comprehensive and a collaborative approach by a dedicated team of physicians and allied health care professionals. The diagnoses are frequently challenging and plans for care require a multidisciplinary approach, as the treatment choices may be difficult.

This year's symposium is dedicated to the management chronic pancreatitis and diabetes mellitus. Both have in common a progressive, chronic and eventually disabling disease pattern. According to the National Pancreas Foundation nearly 220,000 people, each year in the U.S, will be afflicted with acute pancreatitis, and more than 80,000 people will be diagnosed with chronic pancreatitis.

The 2nd Downstate Annual HPB symposium will assemble a panel of experts who will present the most up-to-date information on this very challenging, and prevalent disease. In addition, participants will learn about the current state of islet auto- and allo-transplantation.

Each series of presentations will be followed by a panel discussion, moderated by one of our expert faculty members.

Target Audience

The symposium is designed to share experts' views with an audience of:

- Primary Care Providers
- Family Practitioners and Internists
- Gastroenterologists
- Endocrinologists
- Medical and Surgical Oncologists
- Surgeons

Objectives

Upon completion of this educational activity, participants should be able to have a clear understanding on:

- Surgical and Medical principles on treatment of patients with chronic pancreatitis.
- Role of EUS and ERCP in treatment of pancreatic diseases.
- Role and strategies of a radiological assessment of the pancreas in patients with chronic pancreatitis.
- Surgical treatment options for chronic pancreatitis.
- Management of diabetes mellitus in patients with chronic pancreatitis or those after total pancreatectomy.
- Current state of pancreatic islet auto-transplantation and allo-transplantation
- Current state of TPIAT

Accreditation & Designation Statement:

The State University of New York (SUNY) Downstate Medical Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The SUNY Downstate Medical Center designates this live activity for a maximum of **6 AMA PRA Category 1 Credit(s)**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure Statement:

SUNY Downstate Medical Center Office of CME (OCME) and its affiliates are committed to providing educational activities that are objective, balanced and free of bias as possible. The OCME has established policies will identify and resolve all conflicts of interest prior to this educational activity. All participating faculty are expected to disclose to the audience, verbally or in writing, any commercial relationships that might be perceived as a real or apparent conflict of interest related to the content of their presentations, and unlabeled/unapproved uses of drugs and devices. Detailed disclosures will be made verbally and/or in writing during the program.

ADA Statement:

Special Needs: In accordance with the Americans with Disabilities Act, SUNY Downstate Medical Center seeks to make this conference accessible to all. If you have a disability which might require special accommodations, please contact Jillian Telford via e-mail at: Jillian.Telford@downstate.edu

The CME Certificate fee is \$20. Please make checks payable to SUNY OCME IFR 900051

Registration Options

Complete the registration form and mail to:

SUNY Downstate Medical Center
Department of Surgery
450 Clarkson Avenue - MSC 40
Brooklyn, New York 11203
Att: Paula Lopez

Register online at:

www.downstatesurgery.org
(Click on "registering online")

Fax registration form:

Department of Surgery at SUNY
Downstate at 718-270-2826

Phone:

Contact the Department of Surgery
at 718-270-1001

SUNY
DOWNSTATE
Medical Center

University Hospital of Brooklyn

2nd Downstate HPB Symposium.

Focus on:

Chronic Pancreatitis

**Total Pancreatectomy with Islet
Autotransplant (TPIAT)**

Diabetes Mellitus

**State-of-the-art:
Islet Transplantation**

**Thursday, April 25, 2019
8:30am - 4:45pm**

**SUNY Downstate
Medical Center
Alumni Auditorium**

**395 Lenox Road
Brooklyn, NY 11203**

Course Directors

Rainer WG Gruessner, MD
Clarence & Mary Dennis Professor of Surgery
Chairman, Department of Surgery
SUNY Downstate Medical Center

Alexander Schwartzman, M.D., MBA
Clinical Professor of Surgery
Vice Chairman, Department of Surgery
SUNY Downstate Medical Center

AGENDA

8:30-9am

Breakfast and Registration

9am

Introductory Remarks

Rainer WG Gruessner, MD

9:15am-9:45am

Alexander Schwartzman, M.D., MBA
Economic burden of chronic pancreatitis

9:45am-10:15am

Mary Ann Banerji, M.D.
Economic burden of diabetes mellitus

10:15am-10:40am

Nuri Ozden, M.D.
Medical considerations in the treatment of chronic pancreatitis

10:40am-11:10am

John F. Renz, M.D., PhD
Standard surgical considerations in the treatment of chronic pancreatitis

11:10am-11:40am

Rainer WG Gruessner, MD
Surgical techniques for total pancreatectomy and islet autotransplant – TPIAT

11:40am-12:25pm

Balamurugan N. Appakalai, PhD
Islet isolation techniques

12:25pm-12:40pm

Panel Discussion

Moderators

Alexander Schwartzman, M.D., MBA
R. Paul Robertson, M.D.

12:40pm-1:10pm

Lunch Break

1:10pm-1:55pm

R. Paul Robertson, M.D.
Endocrine Function and Metabolic Outcomes in Islet and Pancreas Transplantation

1:55pm-2:40pm

Melena Bellin, M.D.
TPIAT in children and adults

2:40pm-3:25pm

Jose Oberholzer, MD, MHCM, FACS
Current status of auto- and allo-islet transplantation

3:25pm-4:10pm

Bernhard J Hering, M.D.
Cell Therapy for Diabetes

4:10pm-4:30pm

Panel Discussion

Moderators

Rainer WG Gruessner, MD
Bernhard J Hering, M.D.

4:30pm

Closing Remarks

2nd SUNY-Downstate HPB Symposium on Chronic Pancreatitis and Islet Transplantation

SYMPOSIUM FACULTY

Balamurugan N. Appakalai, PhD

Associate Professor of Surgery
Director, Clinical Islet Cell Laboratory
Cardiovascular Innovation Institute
Scientific Director, Islet Biology & Transplantation Program
University of Louisville, Louisville, KY

Mary Ann Banerji, M.D.

Professor of Medicine
Chief Division of Endocrinology
Department of Medicine
SUNY Downstate Medical Center

Melena Bellin, M.D.

Associate Professor Pediatric Endocrinology
Director of Research, Islet Autotransplant Program
Schulze Diabetes Institute
University of Minnesota Medical Center

Rainer WG Gruessner, MD

Clarence & Mary Dennis Professor of Surgery
Chairman, Department of Surgery
SUNY Downstate Medical Center

Bernhard J Hering, M.D.

Professor of Surgery and Medicine
Executive Director, Schulze Diabetes Institute
Eunice L. Dwan Chair in Diabetes Research
McKnight Presidential Chair in Transplantation Science
Department of Surgery
University of Minnesota

Jose Oberholzer, MD, MHCM, FACS

Professor of Surgery and Biomedical Engineering
Director
Charles O. Strickler Transplant Center
Chief, Division of Transplant University of Virginia Program

Nuri Ozden, M.D.

Assistant Professor of Medicine
Division of Gastroenterology
SUNY Upstate Medical Center

Alexander Schwartzman, M.D., M.B.A.

Clinical Professor of Surgery
Vice Chairman, Department of Surgery
SUNY Downstate Medical Center

John F. Renz, M.D., PhD

Professor of Surgery
Vice Chairman for Program Development,
Department of Surgery
SUNY Downstate Medical Center

R. Paul Robertson, M.D.

Universities of Washington and Minnesota
Endocrine Function and Metabolic Outcomes in Islet and Pancreas Transplantation
